

No Risk Expense Form

If you have completed a non-risk insurance and have incurred costs relating to the damage (CDW) and / or theft insurance (TP), you can claim these costs by using this form. The costs will be fully refunded by Target Travel Services, with a maximum of your own risk. This is stated in the terms and conditions of the No Risk Warranty. Are there any damage to the tires, bottom or the roof of the rental car? We also refund these costs.

What do you need to do?

Complete the form below and enclose the following documents:

- Payment receipt (credit card statement or cash receipt)
- Local car rental contract
- Damage report from the local car rental provider
- Police report (when available)

Send all documents to info@targettravel.nl. When we have received the expense form including all required documents, our customer service department will handle your claim. We will keep you posted on the progress of the settlement. Tip: When you discover damage on the car, please make photos, save all receipts of any additional costs and copy them for your own personal file!

Traffic fines, own responsibility

Traffic fines cannot be declared and are for your own account. In most cases, the rental company will send you a message of the traffic violation. It is possible that the car rental operator charges a fee. You will receive the official offence from the local government. You are responsible for handling this offence, including payment or if you appeal to the decision. If the offence is not clear, you will need to contact the local government. Target Travel Services cannot mediate in this.

Always include

In order to handle the claim as well as possible, we need, apart from this **complete** form, the following documents:

- Payment receipt (credit card statement or cash receipt)
- Local car rental contract
- Damage report of the local car rental provider
- Police report (when available)
